Receive Annual Report

Linda thanked all involved in contributing to the Annual Report – members of the staff, Board, committees, teams, and task forces – and offered the Annual Report to be received.

In favor – unanimous from in-person and online attendees.

Financial update and approval of 2026 budget – Kris Felbeck, Treasurer

For 2026:

The objective of our budget planning is to balance our long-term vision with our short-term needs.

As of December 7, we have met our pledge goal for 2026.

More than 2/3 of our income is from pledges, with the remainder coming from the 5% yearly withdrawal from the investment fund, rental income, unpledged offerings and other sources.

Our expenses fall into the following categories:

1. Pastoral – the Principal Minister and the Minister of Music, the largest single expense category;
2. Administrative – our Communications and Administrative Lead, and the office supplies and services such as the new accounting service;
3. Building maintenance – our Facilities Manager and the supplies needed to maintain the building in good condition; and

4. The wider church – money sent to the Minnesota Conference and National Synod.

Staff salaries for 2026 were increased by 2.7%, the Cost-of-Living Adjustment. An assumed increase in other expense categories was calculated at 10% across the board, though individual categories may vary.

Some new expenses were included in the 2026 budget:

Accounting service:	\$7,800
Donation to Neon:	\$3,000
Pest control:	\$2,160
Design and printing of new logo:	\$1,500
Minnesota Paid Leave program:	\$290

A portion of recent bequests from deceased members will be used at a decreasing rate over the next few years to offset the loss of their pledges.

The budget for 2026 is balanced at \$376,984 in income and expenses.

Motion to accept the 2026 budget:

Move/second: Paul Fate/Kathy Hansen–**Discussion:** None

Vote: 38 in favor/0 opposed: **Passed**

Maintaining a Safe Church – Bill Lindberg and Maggie George

Bill and Maggie reported that a small group had met with Pastor Jane to begin to discuss the topic of how to maintain our church as a safe place while still being open and welcoming to the community in keeping with our mission statement. Recalling recent violence perpetrated against places of worship, they identified a need to address the issue of safety, and to create plans and protocols to protect our building and our congregation. Bill and Maggie stressed that the conversations they have had with Pastor Jane focusing on this issue were at the beginning stages, and feedback from the congregation was welcome and necessary. Plans for 2026 include creating ways to allow for meaningful conversations with the congregation about this issue.
